

drift

Changing it up

Change is the constant that each new generation brings to the table. Drift™ seating inspires people to come together with new ideas, new priorities and new ways of thinking. At the heart of the series are the finely tailored lounge chairs, available in three back heights with wood or polished chrome swivel bases.

A new way to meet

Formal meetings have given way to relaxed conversations between colleagues that foster collaboration. Drift side chairs are available in two swivel base options as well as a four leg wood base. Drift wood bases are available in a wide range of finishes that coordinate with Global's wood and laminate table products.

Sitting tall

From community workshops to hospitality hubs people enjoy meeting and congregating at stool height in a more collegial and relaxed setting. Drift stools go beyond being a perch by providing lower back support when sitting in an elevated position. Three base styles, including counter and bar heights.

Additional information can be found on the Global [website](#).

The ottoman

Drift ottomans bring more people into the conversation. The ottoman can be used as a perch at workstations, a makeshift side table, or to pair up with the lounge chair.

Occasional tables

Square coffee table

Round coffee table

Create functional spaces for collaborations and touchdowns. Drift tables are available in three fixed-top shapes, wood or polished chrome base, and a wide range of solid and wood print laminate surfaces.
